

# NEXT

One live stream.  
One global audience.  
You choose when to NEXT.

# NEXT is TikTok meets HQ.

One streamer is randomly picked out of all active users.

Every viewer views the same stream and has their own NEXT button.

When over 50% of viewers hit NEXT a new random streamer is picked.

# Hall of Fame

After streams are “NEXTed” they are archived.

The longer a stream lasts the higher its score in the hall of fame and the greater its visibility.

# Monetization

**Daily Sponsors:** Sponsors will provide daily prizes. Each day the longest lasting streamers will be picked to earn one of the sponsored prize.

**Traditional Ad revenue:** Ads placed between live content.
